Proceedings, materials and resources for health care professionals and providers and anyone interested in caring for older adults.

Identify the links between Gerontology and Geriatrics and apply evidence-based information to enhance best practices or fill professional practice gaps of individuals working with older adults.

For more information contact Dr. Tammy L. Henderson at: tlhokgec@okstate.edu or 405-744-8350 or visit humansciences.okstate.edu/okgec.
