Financial Jeopardy

Directions:
1. Print all categories and answers from PowerPoint
2. Print five sets of dollar amounts ($100, $200, $300, $400, $500)
3. Put the answers on the wall with two pieces of tape (see diagram)
4. Put the dollar amount in front of the answer with one piece of tape (see diagram)
5. Put the Category names at the top of each column (see diagram)
6. Go over the rules with the group, let the groups choose a noise for ringing in, and chose someone to be the scorekeeper.
7. Rules:
   a. Responses must be stated in the form of a question (who is..., what is...)
   b. Must wait until question is completely read before buzzing in.
   c. Group with last correct answer chooses the next category and amount.
8. Flip a coin to see who goes first.
9. This team chooses the first category and dollar amount. Remove that dollar amount and read the answer
10. Points cannot be given if rules are not followed. Correct answers are given the dollar amount of the correct answer. Missed answers have that amount subtracted, and the other team can ring in if they know the answer
